DIED:--At his residence near Lebanon, Van Buren county, Iowa, Saturday March 8, 1884, James Smith, aged 78 years 10 month and 4 days.

He died of inflammation of the lungs after a sickness of two weeks. Mr. Smith was an old resident of this county and was highly respected by his acquaintances. He raised a family to manhood and womanhood, all of whom are filling honorable stations in life. His wife preceded him in death a couple of years ago, and though suffering much in his last sickness he cheerfully gave up all to go and meet her in another and a better world. Funeral services were conducted by Rev. Carroll at the residence of the deceased on Sunday the 9, and the remains laid away in the cemetery near Lebanon.
