Namu spent the winter behind a submarine net in Rich Cove, across Puget Sound, where scenes were shot for the movie, "Namu the Killer Whale."

How do you measure a whale's heartbeat? Dr. Merrill P. Spencer of Seattle's Virginia Mason Foundation for Medical Education and Research did it with a plumber's friend. A suction cup, equipped with sensors connected to a recorder, was stuck on Namu's chest.

Griffin figures Namu is about 8 or 10 years old. The whale is
