PREFACE

This book is the second of a series that we are compiling of Boone County Missouri records. The first, WILLS AND ADMINISTRATIONS OF BOONE COUNTY MISSOURI, was published a few months ago. This work on the records of one of central Missouri's oldest counties should be of great value to the genealogist, as so many of Boone County's early families came from Virginia, Kentucky and Maryland and in the Court records sometimes may be found the connecting link with some of the oldest families of these states.

Future works on Records of Boone County planned by the compilers include separate volumes of cemetery inscriptions and Bible records.

Every church cemetery and family grave yard in Boone County has been visited and every tombstone record copied that had a birth date not later than 1860.

The Bible records are of unusual interest as we have found some Bibles with very old records, one the Bible of Thomas Turnor has records from 1734 to 1800. We have the old Stone, Dorsey, Nifong, Bright, Anthony, Mitchell, Robards Bible records and many, many more.
