

Francis M. Drummett

MT. MORA CEMETERY

Buchanan County

St. Joseph, Missouri

Margaret McDaniel Downs
Martha McDaniel Thompson

1975

The large crypts at the entrance were recorded first. Following that the record was started in the oldest section of the cemetery and progressed in that section along the fence to the corner and then continued in the section along the fence down to the side of the caretaker's house. We returned to the older section, continued along that fence to the section facing the caretaker's house. The middle section was recorded next. The last section recorded was that along the fence facing the caretaker's house.

Many names and dates on the older stones were completely illegible. When there was doubt in deciphering after careful scrutiny, the doubt is expressed by a question mark, and when it was altogether illegible it is expressed by a dash.

There is a noticeable variety in the spelling of names in this cemetery, particularly of the surnames.
