June 1973

The Wilson Cemetary (pages 1-3) is by the road, fenced, and although not well-kept, is in fair condition. There were several un-marked graves.

The Murrell Cemetary (pages 4 & 5) is on private property, is not fenced and many of the gravestones are broken. This cemetary is in poor condition and had 8 - 10 unmarked graves.

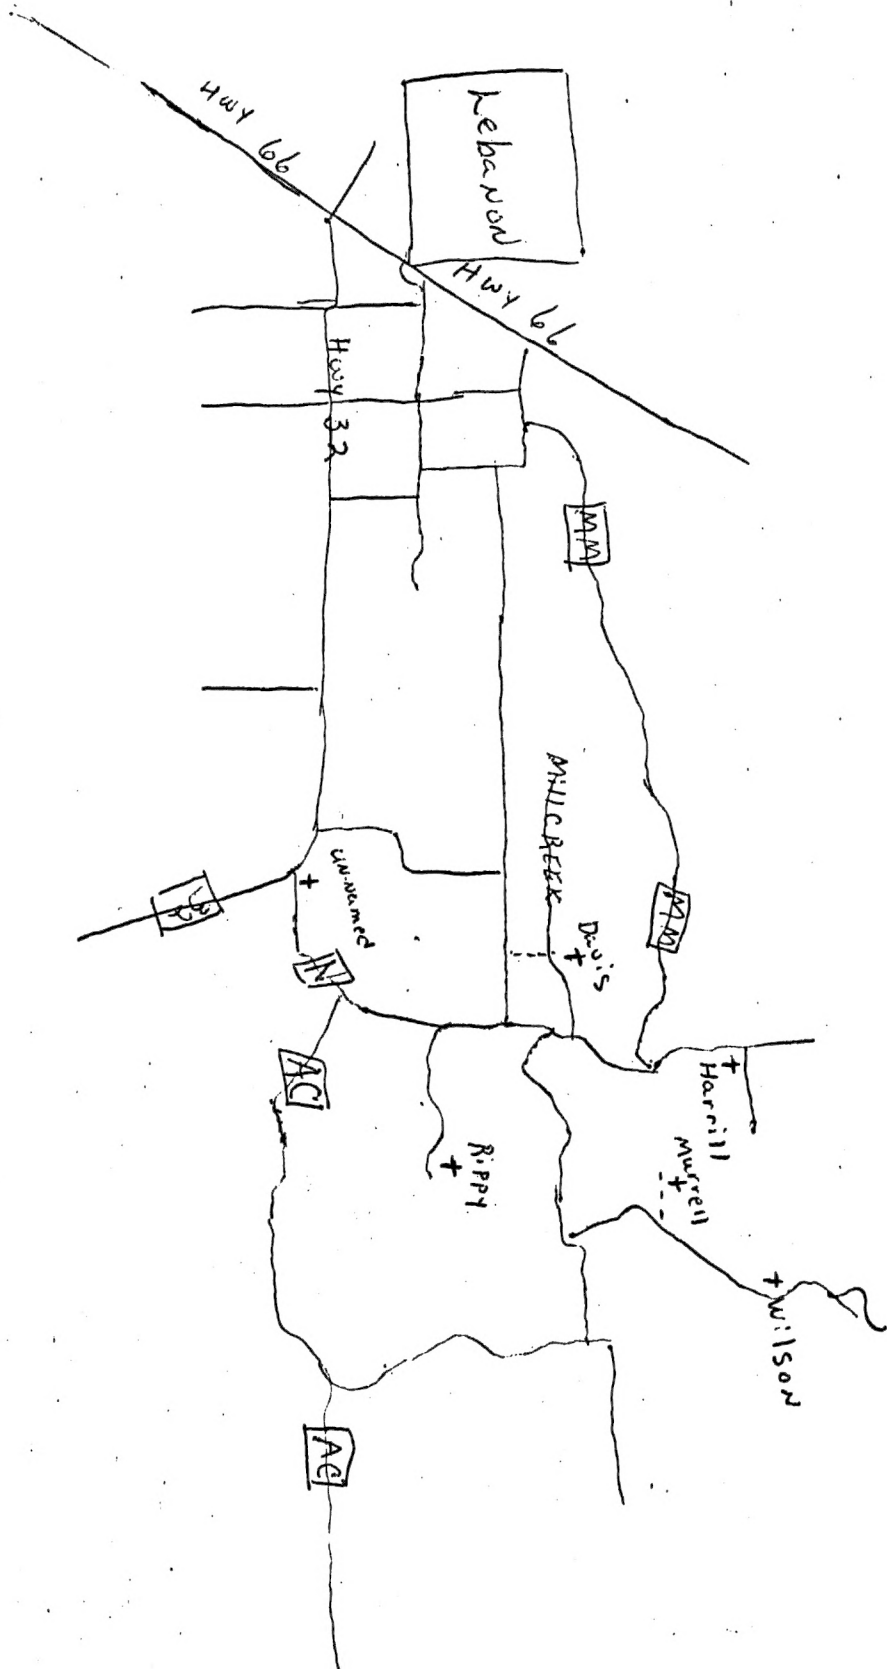

The Harrill Cemetary is in good condition. There were seven unmarked graves. (Pages 6-15)

The Davis Cemetary (pages 16 & 17) is on private property in fair condition and is fenced. There were 12 sunken, unmarked graves.

The Rippy Cemetary (pages 18-19) is in two parts; both parts in very poor condition. In the part by the road, there were between 35 & 50 sunken, unmarked graves. The second part of this cemetary is up a hill and had between 15 - 20 sunken, unmarked graves. Many of the tombstones in both parts were broken.

The un-named cemetary is fenced and in good condition. However, the older graves were covered by bushes. There were six unmarked graves.
