INSTRUCTIONS

Unusual names or surnames used as given names are indexed.

Those names preceded by an asterisk were obtained from sources other than the tombstone census. Most often I was unable to check their accuracy.

Any letter or number which is underlined indicates the marker very difficult to read and should not be assumed correct.

Monuments bearing several names are spaced together.

Comparable stone: When stones in the immediate vicinity are of like style and color but bear different surnames it is noted: "Comp. to John Doe marker"

Calvary Cemetery is the only one of these graveyards to have any record of burials.

From junction of Hiways 13 & O go south on O about $1\frac{1}{2}$ miles
to first crossroads; go west about $1\frac{1}{2}$ miles; cemetery on the

was erected. This area is carpeted with six inches of leaves and there are
no doubt stones that have sunk from sight.

The Mc Coy family has owned this land for some time and one of the earlier owners was M.P. Patterson. As far as is known there are no Mc Coys or Pattersons buried here, although both families were in this neighborhood in the 1850 Census. The footstone "B.C.D." could possibly be for Columbus Douthit.
