Dover Church Cemetery

Dover Church is located in the Northwest part of Calument Township T.53N.-R.1W., survey 1762. The cemetery is south of the church which is just off Highway D a short distance south of where Highway N intersects with D. The inscriptions were recorded by John M., Sharleen & Mildred B. Helenthal on March 20, 1971. Since they used a lot map of the cemetery in their on-site observation, the permanent record of the inscriptions was in alphabetical order with the block & lot number of each grave listed. Those same block and lot numbers follow each inscription listed here.

Corinth Cemetery

Corinth Cemetery is reached by turning off Highway 79 just north of Clarksville onto Highway N. It is off Highway N on the third country road that you come to west of Hy. 79. As you turn right off N, you pass old Corinth Church, originally a Presbyterian Church but no longer in use. Continue on this country road approximately two blocks until you reach the top of the hill where you will find the cemetery on your left. The cemetery is in the Northwest part of Calumet Township, T.53N.-R.1W., on land that is presently owned by the Pipe Fitters Vol. Fund, Inc. All stones were examined and recorded by William L. Brown, Jr., his wife Rosemary Beauchamp Brown, and Marjorie Prewitt Clifford on April 25, 1984. The cemetery is in better condition than most of the rural cemeteries.

Old Bethlehem Cemetery

Located in the Northwest part of Calumet Township, T.53N.-R.1W., section 23, on the present Thomas McIlroy farm, Old Bethlehem is about 9 miles south of Louisiana and about halfway between Clarksville and Calumet. To reach the cemetery, you turn off Highway 79 onto County road N at the Dundee Cement Plant and follow this road for about 2.3 miles to the McIlroy farm. Turn left off the road and follow the lane to the house until you come to the high lines. Follow the high lines on foot across the fence on the right side of the lane until the high lines cross another fence. Follow this fence to the right for about 100 feet and you are in the cemetery. If you follow this fence on along through this part of the cemetery until another fence joins it on your left you will be at the spot where Old Bethlehem Meeting House used to sit, in the corner of these two fences on the left in what is now dense undergrowth.

Fred D. Stichter wrote an article about this cemetery and church in 1924. This article was reprinted in the "Tales & Talk from Down in Pike;" a bicentennial project of Coterie, GFWS, Clarksville in 1976. Mr. Stichter measured the cemetery as being about 300 feet (east/west) by 150 feet (north/south). There appeared to be several unmarked graves on the extreme north side, possibly slave graves. Mr. Stichter copied inscriptions on the stones in 1924 and remarked that the cemetery was in pretty bad shape then. John M., Sharleen & Mildred Helenthal visited the cemetery in 1978 re-checking the stones done by Mr. Stichter and copying additional inscriptions, and finding the cemetery in much worse shape at that time. Homer and Sarah Sterne found even additional inscriptions to copy when they made their on-site observation in October 1980.

Jeans Cemetery

Located in the Southwest part of Calumet Township, T.52N.-R.1E., in section 29 on the present Sullenger farm, the Jeans Cemetery can be reached by taking Highway W south out of Paynesville for approximately .6 of a mile until you reach the first gravel crossroad. Turn right at this crossroad and travel west up hill, down hill, up hill and down for about a quarter of a mile until you see a metal machine shed and an old barn on top of a hill on your left. This is just before you reach an intersection with another gravel road that goes south. Park your car on the side of the road, go through a wire gate and walk up the hill. In back of the barn on your left on top of the hill you can see some trees and an area enclosed by a stone wall. This is the cemetery. You enter the walled-in cemetery through an iron gate. It is an area approximately 30 feet square that has a total of 4 headstones. The cemetery is in surprisingly good condition! The stones are upright, fairly easy to read and all graves have a footstone. The inscriptions were copied by Bill and Rosemary Brown on Sept. 6, 1984.
