## FORWARD

Even though neither one of us now lives in Polk County, Missouri, part of our heritage comes from this county. This is our way, in a small part, of preserving important records that could soon be lost. Noble had copied the majority of the cemeteries in this area for his own personal reference and felt very deeply that they should be published to help others. Betty has typed the inscriptions.

Our special thanks and appreciation to these others who have copied inscriptions, located cemeteries and helped in many ways by giving of their time and effort to make this book possible.

## EXPLANATIONS AND ABBREVIATIONS

The usual abbreviations are used for the months of the year and various other words.

) - indicates this is on one stone; all double stones may not be so marked

(fhm) - marker placed at time of burial by funeral home

Copied or Copied Earlier - these are stones that may be gone now that were copied earlier by various persons and records given to Betty.

Family records - information from various persons who have data person was buried in this cemetery but do not have a stone.

Newspaper - clippings of obituaries kept with family papers and at that time name of newspaper and date were not copied.

Death Register - In the fall of 1883 a Missouri state law went into effect that physicians and others were to report deaths with additional data to the county. The records were continued about 10 years in Polk County and are now in the County Clerk's office. Many were never reported and each year fewer and fewer were recorded.

Several men are listed by initials, comma and M. D. such as on page 15 - Brewer, M. D., M. D. He was a Medical Doctor.

You will notice several persons lived to age 100 years or more.

Some stones list only month and year of birth and death and no date of month is given or in various combinations of dates. A space has been left so this can be filled in if provided from another source.

When a birth and death dates and age at death are given in some instances they will not agree. Remember, you will find stones even in the same cemetery and for the same family with different spelling of names. Perhaps they figured dates differently than we would today.

Madison Township is divided into East Madison and West Madison Townships but this is not used in this book.

In some cemeteries there are large family stones with smaller stones for individuals which would indicate a woman's surname was the same as the large family stone. However, this is not always correct. There may be some women listed under their maiden name rather than married name for this reason. Both names are included in the index.

This format has been used to make research easier. Surnames are not always given at the end of inscriptions to save space.

## AKARD CEMETERY

Madison Twp. No. 5. Located about 1/2 mile South of Fair Play on dirt road going South from junction of Highways 32 and 123 in the Northwest 1/4 of the Southwest 1/4 of S. 4 T. 33 R. 24.

The oldest graves that can be identified are Hays Infant buried in 1849, Mary J. Smith in 1851 and Abtimisa Wakefield in 1853. The earliest birth date is Jane Black born in 1790. There are many stones with no names. At least two graves had a slab across the full size of the grave on top of a low foundation which were removed some years ago. There is one rather large stone that seems to have several names on it but it cannot be read.

Leola Wright related the following story as told to her by Mrs. Hopkins "The first person buried in this cemetery was a Negro baby. It was a very wet time and the father, who was a slave, wanted a 'dry' place. So he finally chose the location where Akard Cemetery is."

## AKARD GRAVE

H. Madison Twp. No. 6. Located about 1 and 1/4 miles Southeast of Fair Play on the West side of Highway 123 in the yard of an abandoned house in the Southwest 1/4 of the Northeast 1/4 of S. 9 T. 33 R. 24.

"In his final illness Mr. Akard requested his wife, Syntha (Appleby) Akard, to bury him in this spot in the front yard. She carried out his request and it is reported this spot was deeded to his grave. Shortly after his death Syntha sold the farm. I have heard the story he was displeased with the location of Akard Cemetery." - R. Finis Anderson, Bolivar, Mo.

The grave is located in the middle of several trees and has an iron fence around it. The stone has fallen off the base and is laying on the grave.

ANDERSON CEMETERY

Union Twp. No. 12. Located about 3 and 1/2 miles Southwest of Aldrich, South of Highway T and about 1/2 mile East of the Dade County line in the Southwest 1/4 of the Northwest 1/4 of S. 7 T. 32 R. 24.

This cemetery has also been referred to as the McDANIEL Cemetery. J. L. Anderson owned the land in 1903 according to the Atlas of Polk County.

This cemetery is very hard to find, especially from the map. The lake has roads undated almost year round.

There are about two dozen sunken graves with no markers. It has been run over with cattle until recently fenced.

## BARREN CREEK CEMETERY

Madison Twp. No. 8. Located about 3 and 1/2 miles East of Fair Play and 1/2 mile North of Highway 32 on third major road going North and just East at first junction in the Southwest 1/4 of the Southeast 1/4 of S. 36 T. 34 R. 24.

A Cumberland Presbyterian Church was organized June 17, 1866. In 1900 J. L. and Ella McCrory deeded a piece of land for burial purpose to the Trustees of the church. This evidently was additional land for the cemetery.

From an undated newspaper clipping "Early Memories of Barren Creek Church", Aunt Betty Williams says, "The cemetery was started in about 1867. I was not there at the first burial, but it was two children of Uncle John Dysart that died in the fall and no one was buried there until the next summer and then it was Uncle Tommy Knowles." Thomas Knowles was born in 1785 and died in 1871, which is the earliest burial with a readable tombstone inscription. Jonathan Langdon was born in 1794 and he and Mr. Knowles have the earliest dates of birth.

## SHADY GROVE CEMETERY

Union Twp. No. 10. Located about 2 and 3/4 miles Northwest of Aldrich, South of Highway VV, about 1 and 1/2 miles from Cedar, Dade and Polk Counties line in the Southeast 1/4 of the Southwest 1/4 of S. 20 T. 33 R. 24.

A Methodist Episcopal South church was organized about 1840 here. A Methodist Episcopal building was erected in 1883 and destroyed by a tornado in July 1953. The nearby former school house is now used as a community building.

The first burial with a readable stone was an infant son of D. S. Hamby buried in 1855. The earliest birth dates are Eveline Brown and Sarah Cox who were both born in 1814.

## LOST CEMETERIES AND GRAVES

BROWN CEMETERY -- Leola Wright reported the cemetery was bulldozed in the 1940s or 1950s and is now a field. Those buried there were Blairs, Mrs. Neil and several of her slaves, and John Rowan who died as a small boy. It was located in Union Twp. South and East of Mt. Bethal School on top of a small hill.

EVANS CEMETERY -- is listed in the Polk County Death Register as the cemetery where two little girls were buried. They were:

COFFEY, Alice L., died Jan. 27, 1886, age 3 m 27 d,  
died at Shady Grove

MILLER, Nettie, died Jan. 19, 1885, age 9 m 19 d,  
died in Madison Twp.

UNKNOWN CEMETERY -- Union Twp. No. 7. Located about 1 mile North of Aldrich in S. 27 T. 33 R. 24. This location is shown on current map by State Highway Department. No cemetery can be found here and it is believed it is probably an incorrect location for Crain or Mt. Zion Cemeteries that have been relocated.

NAME UNKNOWN CEMETERY -- Mrs. Connie Hammons remembers another cemetery where some of the Davis family were buried in the vicinity of the Davis and Sutherland Cemeteries. Even though she and Marie Hammons have spent many hours searching for this cemetery it has not been located with the change of the terrain since Stockton Lake was formed or perhaps, it, too, has been destroyed.

GRAVE NEAR FAIR PLAY -- Grover and Mattie Scotten related the following to Leola Wright. "A drifter came into Fair Play, got into a poker game, which he won, and then was killed. He was buried in an unmarked grave by the town." This is probably the same person as the stranger killed by the City Marshall in 1904. -- page 32 A Pictorial History of Fair Play 1776 - 1976.

KING CEMETERY -- Located on the Northeast 1/4 of the Northeast 1/4 of Section 32, Range 24, Township 32 in Polk County, Missouri.

Inscriptions taken by Noble G. Abbott July 30, 1978.

## SURNAME INDEX TO INSCRIPTIONS

Also listed in this index are probable maiden names and sometimes surnames from another marriage when given on the stone. Some such names may just be a middle name but if there was a question they were listed as a surname for easier researching.
